

Les 100 meilleurs fonds de placement

Tout Compte Fait et **Feri Rating** proposent la liste, actualisée chaque mois, des cent meilleurs fonds de placement vendus en Suisse. Un certain nombre d'entre eux ont fait l'objet d'une évaluation qualitative par notre partenaire, traduite en lettres de «A» à «E» (*voir ci-dessous*).

Nous indiquons également le numéro ISIN de chaque fond, de manière à éviter les confusions.

Comment fonctionne le «Feri Rating»?

Les fonds sont évalués de manière indépendante sur la base de nombreux critères, mais de manière différente selon leur ancienneté. Les fonds existants depuis plus de cinq ans sont notés en fonction de critères quantitatifs, tels que la performance par rapport à l'indice des fonds du secteur considéré. L'évaluation des fonds plus jeunes ajoute des critères qualitatifs, notamment la qualité de la société et les performances des gérants qui gèrent le fonds.

A = très bon B = bon C = moyen D = inférieur à la moyenne E = faible

Etat au 30 septembre 2010
